WORK EXPERIENCE

Freelance

Frontend Developer | 2020 - Present

Frontend development on React.js/Next.js. Backend design and implementation on PHP/Node.js.

ConStyle Studio

Web Developer | 2022 - 2024

Worked in backend development in PHP. Created apps with Alpine.js.

- Made an app for adding stickers and text to photos;
- Developed a tinder-like application with city sights, using Google Maps API to build a route to them;
- Created an API for a trucking and car parts delivery website;
- Developed integration of YooMoney, T-Bank, installment service Dolyame, restaurant resource planning system Iiko, delivery system CDEK, SMS mailing and other third-party services for a self-written CMS on PHP.

Kinectid Ltd

Frontend Developer | 2022

Project work. Frontend development of corporate website.

Cetera Labs

Web Developer | 2018 - 2020

Worked on support, revising websites, publishing content on them. Created templates for simple components.
